If you account has Auto approval enabled, you order will be auto approved within 1 hour of order being placed. Unless the file is rejected, in this case you will receive a rejection email.

Upon placing an order, you will receive a confirmation email stating that the order has been successfully placed.

After processing your order, our prepress team will review your artwork and run automated

checks to ensure its print readiness. Once completed, our automated system will send you a link. This link allows you to approve the file to proceed, make changes to the file, or put the order on hold.
